

QUICK GUIDE TO COLLABORATION END POINTS

IP PHONES

Affordable HD video phones for your entire organisation.

An IP Phone is a great fit for businesses of all sizes seeking secure, high-quality, full-featured VoIP. Select models provide affordable entry to HD video and support for highly-active, mobile workers. Flexible deployment options include on-premises, cloud and UCaaS.

ROOM SYSTEMS

Bring more intelligence and usability into meeting rooms.

Even smarter meetings and smarter room and device integrations, remove barriers to using video. Choose from fully integrated systems with built-in screens or Room Kits that turn your 4K displays into powerful video conferencing systems for rooms of all sizes. Deploy on-premises or in the cloud.

WEBEX SHARE

Simple sharing on any screen.

Don't let technology slow you down. The Cisco Webex Share is a palm-sized, affordable device that allows you to quickly and easily share content to any display without using cables or dongles. Wirelessly share your entire screen or a specific app with one click from your Webex Meetings or Webex Teams app.

You can access meeting controls here

WEBEX TEAMS

Collaborate without leaving your space.

Webex Teams gives you a consistent experience for all your interactions whether you're working internally, collaborating with a partner, or sharing with your customers. Any office, any coffee shop, any living room in the world—Webex Teams gives everyone one space for meeting, messaging, whiteboarding, and collaborating.

PERIPHERALS

Enhance your collaboration experience

Take advantage of phone and video conferencing peripherals that will strengthen your collaboration experience. From headsets, that allow you to zone out interference and microphones that provide high-quality audio coverage, to touch-screens that puts the control of your other devices into your hands.
